

Tuesday, October 3rd:
FOR IMMEDIATE RELEASE

El Paso Science Festival 2023: A Community-Wide Celebration of Science in Partnership with the El Paso Community Foundation.

El Paso, TX - The El Paso Convention Center is set to transform into a hub of scientific wonder and exploration on April 6-7, 2024, as it hosts the El Paso Science Festival for the first time in our city. This two-day, free event, open to the public, promises to be a captivating experience for students and families throughout the El Paso region, encouraging (our) youth to pursue education, careers, and leadership roles in science and technology.

In partnership with the El Paso Community Foundation, the El Paso Science Festival is collaborating with K-12 schools, academic institutions, nonprofits, businesses, and government agencies in the El Paso region to create an annual community-wide celebration of science. Designed to inspire the scientists of the future, the festival will feature over 70 interactive and exciting exhibits that cater to all ages, making it an inclusive, fun, and educational experience for everyone. Highlights of the event include:

Hands-On Exhibits: Attendees can immerse themselves in interactive exhibits that explore various STEM fields, including robotics, physics, astronomy, chemistry, geology, and more. Experts will be on hand to guide visitors through exciting experiments and demonstrations.

Main Stage Program: Engaging performances and presentations will enthrall audiences, bringing science to life through captivating displays and discussions.

Speaker Series: Renowned scientists from the Greater El Paso area will share their insights and experiences, inspiring the next generation of STEM enthusiasts.

Join us on April 6-7, 2024, at the El Paso Convention Center, and let your curiosity soar!

For event updates, registration information (remember, it's free!), and a detailed schedule of activities, please visit elpasosciencefestival.org
